SKILLS

JavaScript | Next.js | React.js | Redux Toolkit | JSX | CSS | HTML

PROJECTS

Fluentify | **LIVE** | **GITHUB**

- A dynamic language-learning platform featuring leaderboard, multi-question modules, and a unique heart system to motivate users. Offers heart refills via points or payment for uninterrupted learning journeys.

My Portfolio | **LIVE** | **GITHUB**

- Innovative portfolio showcasing diverse projects reflecting expertise in web development, accompanied by comprehensive background detailing professional achievements and capabilities.

Genius AI | **LIVE** | **GITHUB**

- Developed a Next.js project that operates on a Software as a Service model, functioning akin to an AI. Implemented features include a conversation engine for generating responses to user queries, image generation based on prompts, video creation, music generation, and code generation.

EDUCATION

Bansal Institute of Science and Technology, Bhopal - *M.Tech (CSE)*

July 2022 - Present

Truba College of Science and Technology, Bhopal - *B.Tech (CSE)*

Aug2015 - June 2019

ACHIEVEMENTS

Participated as an NSS volunteer at Tarasevaniya Village, conducting surveys to identify community issues and organizing street shows to promote plastic ban awareness. Developed problem-solving skills and contributed to environmental sustainability efforts.
